

SSUK PULASTIC® INTENSE

For intensive use and optimal support under all conditions. Made to withstand high impact. Strong in simplicity, simply strong. Go INTENSE!

SSUK Pulastic® Intense is composed as follows:

- High-quality, durable, seamless and resilient 3 mm top layer for impact resistance.
- Flexible sealing layer as a connection between the rubber base mat and the top layer.
- 7 mm recycled rubber base mat with reinforcing flakes, ensures a high density and thus optimal resistance to for example falling dumbbells/kettle bells.
- Extremely strong adhesive anchors the fitness floor to the subfloor.
