

SAFE AND SOUND

SSUK PULASTIC® SOUNDWALL

Combine the Pulastic fitness floor with the Pulastic SOUNDWALL and create the ultimate fitness room! Make a statement through the freedom in design and experience the optimal acoustics. Let's hear it for our SOUNDWALL!

SSUK Pulastic® Soundwall is composed as follows:

- Due to the ingenious composition of the various materials, the sound absorption values are "best in class". Cleaning has no effect on the integrated LED lightning because of the seamlessness.
- Detailed prints for inspiring and visually appealing effects.
- Soft touch materials, strong enough to withstand high impact.
- Excellent colour fastness due to the unique fibre printing method.

Nominal thickness	ABSORPTION VALUE
70 mm	aw 1.0
